

First Semester 2022

Class Schedule of Basic methods in life sciences / Global Topics of Interdisciplinary Health Care

Place:

No.	Lecture title	Department in charge	Lecturer		contents Lecture / e-learning	Date and time of the lecture	Recording year
1	Protein Experiments I	Institute for Enzyme Research Institute of Advanced Medical Sciences	Mitsuru Matsumoto (Professor)		e-learning		2015
2	Protein Experiments II	Institute for Enzyme Research Institute of Advanced Medical Sciences	Suehiro Sakaguchi (Professor)		e-learning		2015
3	Cell and Tissue Culture I	Graduate School of Biomedical Sciences Graduate School of Oral Sciences	Akihito Yamamoto (Professor)		e-learning		2020
4	Stem cell research	Graduate School of Biomedical Sciences Graduate School of Oral Sciences	Keiko Miyoshi (Associate Professor)		e-learning		2021
5	Antibody Experiments in Biochemistry I	Graduate School of Biomedical Sciences Graduate School of Nutrition and Bioscience	Takeshi Nikawa (Professor)		e-learning		2013
6	Antibody Experiments in Biochemistry II	Graduate School of Biomedical Sciences Graduate School of Nutrition and Bioscience	Hiroko Segawa (Professor)		e-learning		2014
7	Gene Analysis Techniques I	Institute for Genome Research Institute of Advanced Medical Sciences	Seichi Oyadomari (Professor)		e-learning		2020
8	Gene Analysis Techniques II	Institute for Genome Research Institute of Advanced Medical Sciences	Izumi Ohigashi (Associate Professor)		e-learning		2022
9	Ophthalmic International Cooperation	Graduate School of Health Science, Graduate School of Biomedical Sciences	Takeshi Naito (Designated Professor)		e-learning		2015
10	Technology of life science and clinical research	Graduate School of Biomedical Sciences Graduate School of Health Sciences	Itsuro Endo (Professor)	Tatsuya Tominaga (Associate Professor)	e-learning		2022
11	Clinical Oncology & Radiation Biology	Graduate School of Biomedical Sciences Graduate School of Health Science	Kazuya Kondo (Professor)	Akinori Morita (Professor)	e-learning		2015
12	Morphological Methods for Medical Sciences I	Graduate School of Health Science, Graduate School of Biomedical Sciences Graduate School of Health Science	Koichi Tsuneyama (Professor)		e-learning		2015
13	Morphological Methods for Medical Sciences II	Tokushima University Hospital	Hisanori Uehara (Professor)		e-learning		2015
14	Gene Analysis in Pharmaceutics I	Graduate School Biomedical Sciences Graduate School of Pharmaceutical Sciences	Hikomichi Fujino (Professor)		e-learning		2019
15	Gene Analysis in Pharmaceutics II	Graduate School Biomedical Sciences Graduate School of Pharmaceutical Sciences	Naoshi Yamazaki (Associate Professor)	Youichi Sato (Professor)	e-learning		2015
