

## First Semester 2024

### Class Schedule of Basic methods in life sciences / Global Topics of Interdisciplinary Health Care

Place:

No.	Lecture title	Department in charge	Lecturer	contents Lecture / e-learning	Date and time of the lecture	Recording year	
1	Protein Experiments I	Institute for Enzyme Research Institute of Advanced Medical Sciences	Katsuyoshi Takaoka (Associate Professor)	e-learning		2015	
2	Protein Experiments II	Institute for Enzyme Research Institute of Advanced Medical Sciences	Suehiro Sakaguchi (Professor)	e-learning		2015	
3	Histological Analysis -Basic tips for Immunohistochemistry & In situ hybridization-	Graduate School of Biomedical Sciences Graduate School of Oral Sciences	Otto Baba (Professor)	e-learning		2023	
4	Molecular Pathological Analysis of Cancer Biology	Graduate School of Biomedical Sciences Graduate School of Oral Sciences	Takaaki Tsunematsu (Associate Professor)	e-learning		2021	
5	Antibody Experiments in Biochemistry I	Graduate School of Biomedical Sciences Graduate School of Medical Nutrition	Mitsugu Akagawa (Professor)	e-learning		2013	
6	Antibody Experiments in Biochemistry II	Graduate School of Biomedical Sciences Graduate School of Medical Nutrition	Yasuhiro Hamada (Professor)	e-learning		2014	
7	Gene Analysis Techniques I	Institute for Genome Research Institute of Advanced Medical Sciences	Seichi Oyadomari (Professor)	e-learning		2020	
8	Gene Analysis Techniques II	Institute for Genome Research Institute of Advanced Medical Sciences	Izumi Ohigashi (Professor)	e-learning		2022	
9	Ophthalmic International Cooperation	Graduate School of Medicine, Graduate School of Biomedical Sciences	Takeshi Naito (Designated Professor)	e-learning		2015	
10	Technology of life science and clinical research	Graduate School of Biomedical Sciences Graduate School of Health Sciences	Itsuro Endo (Professor)	Tatsuya Tominaga (Professor)	e-learning		2022
11	Clinical Oncology & Radiation Biology	Graduate School of Biomedical Sciences Graduate School of Health Science	Akinori Morita (Professor)	e-learning		2015	
12	Morphological Methods for Medical Sciences I	Graduate School of Health Science, Graduate School of Biomedical Sciences Graduate School of Health Science	Koichi Tsuneyama (Professor)	e-learning		2015	
13	Morphological Methods for Medical Sciences II	Tokushima University Hospital	Hisanori Uehara (Professor)	e-learning		2015	
14	Gene Analysis in Pharmaceutics I	Graduate School Biomedical Sciences Graduate School of Pharmaceutical Sciences	Hiromichi Fujino (Professor)	e-learning		2019	
15	Gene Analysis in Pharmaceutics II	Graduate School Biomedical Sciences Graduate School of Pharmaceutical Sciences	Naoshi Yamazaki (Associate Professor)	e-learning		2015
