7. NOTES

(1) Admitted students are advised to have some general knowledge on Japanese climate, customs and manners, and university education and conditions before coming to Japan. Studying and research are conducted in English, but admitted students are strongly advised to study the Japanese language for daily life.

(2) About Security Export Control

Tokushima University has established the 'Tokushima University Security Export Control Regulations' based on the 'Foreign Exchange and Foreign Trade Act' and rigorously determines the acceptance of students by considering the goods exported, the technology provided, and the exchanges in human resources that will take place. If your activities fall within the ambit of any of these regulations, your desired research activities may be restricted, or you may not be able to take certain coursework. Hence, please be careful when you are applying and take any necessary precautions such as consulting with your prospective academic advisor before submitting your application.
