第 3 問

I would choose to play online games. This activity can be “play” for me for two reasons. First, playing online games gives me a sense of accomplishment after going through virtual challenges. Second, I would never get tired of playing them. Online games continue to evolve with updates, making them more exciting and challenging. And when new games are released in the market, I can begin the process of acquiring skills and techniques all over again. I believe I can continue to enjoy playing online games for the rest of my life.
