

First Semester 2019

Class Schedule of Basic methods in life sciences / Global Topics of Interdisciplinary Health Care

Place:

No.	Lecture title	Department in charge	Lecturer	contents Lecture / e-learning	Date and time of the lecture	Recording year
1	Protein Experiments I	Institute for Enzyme Research Institute of Advanced Medical Sciences	Kiyoshi Fukui (Professor)	e-learning		2015
2	Protein Experiments II	Institute for Enzyme Research Institute of Advanced Medical Sciences	Kiyoshi Fukui (Professor)	e-learning		2015
3	Cell and Tissue Culture I	Graduate School of Biomedical Sciences Graduate School of Oral Sciences	Hiroshi Yoshimura (Professor)	e-learning		2017
4	Cell and Tissue Culture II	Graduate School of Biomedical Sciences Graduate School of Oral Sciences	Naozumi Ishimaru (Professor)	e-learning		2017
5	Antibody Experiments in Biochemistry I	Graduate School of Biomedical Sciences Graduate School of Nutrition and Bioscience	Kenichi Miyamoto (Professor)	e-learning		2015
6	Antibody Experiments in Biochemistry II	Graduate School of Biomedical Sciences Graduate School of Nutrition and Bioscience	Hiroshi Sakaue (Professor)	Rie Tsutsumi (Associate Professor)	e-learning	2015
7	Gene Analysis Techniques I	Institute for Genome Research Institute of Advanced Medical Sciences	Toyomasa Katagiri (Professor)	e-learning		2015
8	Gene Analysis Techniques II	Institute for Genome Research Institute of Advanced Medical Sciences	Taku Okazaki (Professor)	e-learning		2015
9	Ophthalmic International Cooperation	International Center	Takeshi Naito (Designated Professor)	e-learning		2015
10	Technology & Healthcare Research	Graduate School of Biomedical Sciences Graduate School of Health Sciences	Rozzano C. Locsin (Professor)	e-learning		2017
11	Clinical Oncology & Radiation Biology	Graduate School of Biomedical Sciences Graduate School of Health Science	Kazuya Kondo (Professor)	Akinori Morita (Professor)	e-learning	2017
12	Morphological Methods for Medical Sciences I	Graduate School of Health Science, Graduate School of Biomedical Sciences Graduate School of Health Science	Koichi Tsuneyama (Professor)	e-learning		2015
13	Morphological Methods for Medical Sciences II	Tokushima University Hospital	Hisanori Uehara (Professor)	e-learning		2015
14	Gene Analysis in Pharmaceutics I	Graduate School Biomedical Sciences Graduate School of Pharmaceutical Sciences	Fujino Hiromichi (Professor)	e-learning		2019
15	Gene Analysis in Pharmaceutics II	Graduate School Biomedical Sciences Graduate School of Pharmaceutical Sciences	Naoshi Yamazaki (Associate Professor)	Youichi Sato (Associate Professor)	e-learning	2015
